LEXINGTON ROCKBRIDGE STUDIO TOUR

Art is more meaningful when one can talk directly to the artist. You will have the opportunity to do just that on the Lexington Rockbridge Studio Tour. 36 artists will share their skills and creative insights on this 11-studio tour designed to provide a behind-the-scenes look at where and how art is made.

Ask questions, see the tools, look into the kilns, discuss the inner workings of a photography studio, talk paint qualities. Guests will experience a variety of art, from abstract to representational, from painting to woodworking to stone sculpture to basketry, creations in photography, glass, metal, clay and silver. Encounter art up close and personal.

The easy to follow brochure map and artist cameos allow visitors to plan their own routes and explore studios at their own pace. An online map is available at the website to share with friends. The tour is free and art is for sale. Happy exploring.
